Dear Mr. Snow:

Relative to your conversation with Paul M. Andrews, Book Cliffs Area Manager, on December 9, 1991, we request that you use the following seed mix in reseeding your disturbances on Sno-Ben #4 and #5:

<u>Seed Type</u>	<u>Pounds/Acre (If Drilled)</u>
Indian Rice Grass or	
Western Wheat Grass	3
Crested Wheat Grass	4
Yellow Sweet Clover	1
Four Wing Salt Bush	4

Note: If seed is broadcast instead of drilled double the pounds/acre.

Because now is an excellent time of year for reseeding we suggest that it be done as soon as possible.

Please advise Richard Wilson of this office (789-1362, Ext. 1417) when you plan to do this work as we want to have a BLM representative present.

Sincerely,

for 
David E. Little
District Manager
